

### GUITAR OF THE MONTH – SEPTEMBER 2009

The dazzling **TW60-SC-VS-B** is all about vintage vibes. From the vintage sunburst finish to the white button open-gear tuners, this instrument echoes a different era. The auditorium-size body consists of a solid spruce top paired with mahogany back and sides, and delivers a warm, round, clear tone. A B-Band A3T pickup system ensures none of the guitar's character is lost when you plug in. Featuring smooth, mellow tones with well balanced lows and mids, this axe offers a comfortable playing experience that'll allow you to unleash your inner bluesman.
